EXPERIENCE

LMG 8 Tech ⬀ | Front-End Developer   **Feb 2024 - Present**

Developed responsive web applications using React.js, integrating full CRUD operations and connecting front-end designs with back-end data for e-commerce platforms and interactive dashboards, enhancing functionality, usability, and user engagement.

SKILLS

- REACTJS
- REACT REDUX
- NODEJS
- JAVASCRIPT
- HTML
- CSS
- MONGODB

PROJECTS

Atkins Réalis ReactJS, NodeJS, MongoDB JavaScript, CSS   **Currently Working On**

Developing and implementing a procurement system using React, CSS, and JavaScript to streamline the acquisition of goods and services. Automating processes such as purchase requisitions, order creation, supplier management, and invoice processing to enhance efficiency and reduce errors. Integrating reporting tools to provide insights into procurement spending and supplier performance.

Myhraki ⬀ ReactJS, JavaScript, CSS

Built a dynamic e-commerce platform with React, enabling users to upload and sell boutique products. Designed an interactive Seller Dashboard, document pages, and logistics sections with full CRUD functionality for seamless user experience and efficient platform management.

LMG8 Feedback Web App ⬀ ReactJS, JavaScript, CSS

Developed a responsive feedback application for LMG8 Tech using React, featuring a modular admin portal for managing project details, client questions, and automated email notifications for review submissions.

Websites Built ReactJS, JavaScript, CSS

Built responsive websites using ReactJS, HTML, CSS, JavaScript, Material UI, Bootstrap, and Tailwind, ensuring cross-device compatibility and an optimized user experience.
